## Reports:

• City Councilor Liaison Report. Councilor San Soucie reported on a number of City Council initiatives including: a planning effort to revitalize the downtown and neighborhood areas (including more opportunities for downtown area housing); establishing urban renewal districts; updating the transportation plan; and business development. The Councilor commented on discussions with Providence to develop the 1<sup>st</sup> and Angel Street property into an assisted senior housing with a ground level medical facility, and a \$135 million Federal Stimulus project at the Tri-Met Bus Maintenance Facility that will add a bus wash, maintenance building and 'Lift Service' office.

### Old Business:

- **Structure of the Committee.** Tony had intended to use the time allotted for this item to facilitate a discussion on what Committee members are looking to accomplish, priorities, including goals, a mission and the work plan. With the limited attendance Tony asked to table this and the other items to the next meeting. This item will be the main topic for the next meeting. The remainder of the meeting was used for members to get to know each other and discuss their background.
- Mission Statement.
- Review of Work Plan.
- Mental Health Client Training.
- Parking Issues.

### **New Business:**

- There was also discussion about how issues or problems within the City can be reported. The City has a telephone number, e-mail and Web page for that purpose. They are:
  - **\*** (503) 526-2222
  - https://www.beavertonoregon.gov/secure/reportproblem/
  - citymail@ci.beaverton.or.us

So if committee members have an issue and are not sure who to contact, they can use these options and the issue will be forwarded to the proper staff in the city to respond.
